The guarantees mentioned in this brochure are for guidance only, and unless stated otherwise relate to products being used in inland areas defined as 25 miles from the coast or 5 miles from high polluting industrial areas.

Please ask your UAP representative for copies of the guarantee wording covering your product of interest and please talk to your representative about any specific application you may have.

Identity card slot allows user to check a callers ID without opening or unlocking the door. When fitted alongside a UAP door viewer unwanted entry can be stopped in its tracks

All UAP rack bolts surpass the EN12051:1999 durability requirement - tested to 50 000 cycles

UAP Letterplate Restrictors stop key fishing & can be fitted to any 12" UAP Letterplate
